NOTICE

Temagami First Nation Fire Department

Due to the number of active fires in the area, Temagami First Nation Chief and Council have declared a **Level One Emergency** for Bear Island. Residents should be on alert for a possible escalation. In the event that an evacuation is ordered, residents will be given as much notice as possible via an advance Evacuation Alert.

The Fire Ban on Bear Island remains in effect and applies to all open fires of any size, including campfires and fireworks. Bear Island residents are asked to be cautious and remember to dispose of smoking materials in proper receptacles. This ban will help prevent human-caused wildfires and protect public safety.

Daily Updates

Daily updates on fire conditions will be posted in and around the community and at the Pier Market. Information will also be posted and available online.
