

KGHM Polska Miedź S.A is an International company that employs approximately 34,000 people around the world and has been a major copper and silver producer for more than 60 years. The Company is highly respected for being a reliable employer, that values employees and experts with technical and market experience. Following our best practices; policies of transparency, safety, security and ethics; considering our locally cherished values and Indigenous communities; as well as environment protection, we are among the leaders of conducting sustainable mining.

KGHM International is a wholly owned subsidiary of KGHM Polska Miedź S.A and its operating assets includes mines in Canada, US, and South America as well as the Ajax Project in Kamloops, British Columbia and the Victoria Project in Sudbury, Ontario. Our team-oriented environment and culture offers the continued opportunity to be challenged, to contribute, and to grow.

We are actively looking to fill the following Full-time Contract role at our Buried Treasure Project near Matachewan, Ontario. Contract starting June 2024, and ending no later than October 31, 2024.

- **Drill Core Management Technician – Posting ID # 2024-22**

### **Scope of the Role**

Under the direction of the Senior Project Geologist, the incumbent will carry out duties to assist in the process for managing drill core from the Buried Treasure Project drill program. This process may include transportation of the drill core from the project site to the Levack Mine (Sudbury) core shack on a weekly basis.

### **Specific Duties and Responsibilities**

- Transferring drill core to local drill core logging facility from drill.
- Laying-out drill core for review/logging by geologist.
- Tagging core boxes for geologist.
- Packing-up core boxes for transportation to Sudbury (Levack Mine).
- Transportation of core boxes to Sudbury (Levack Mine) via pickup truck.

- Stacking of un-shipped core in temporary core farm at Buried Treasure Project.
- Miscellaneous paperwork and filing.
- Moderate to heavy lifting will be required at times.
- Follow departmental safety program and maintain safety standards.
- Such other duties as may be assigned.

### **Additional Information**

- Shift Schedule - Monday to Friday Dayshift.
- Public transportation is not available to this work location. Applicant will need to ensure own transportation to local core processing facility/office (either in Matachewan or Kirkland Lake). A company vehicle will be provided for work.
- Heavy lifting of approximately 50lbs will be required multiple times per shift
- A physical examination may be required.
- PPE is provided.

Our commitment to all applicants is to ensure fair employment practices and be inclusive of persons with disabilities. Please note that accommodations are available, upon request, throughout the recruitment and assessment process for applicants with disabilities.
